RESPONSIBLE STATEMENT

Mr./Mrs _____ with DNI/NIE/Passport Nr. _____ as owner of the establishment _____ hereby declare that I am registered in the Economic Activities Tax. I also state that I am the holder of an opening license and a liability insurance covering all damage in the pursuit of the activity carried out, with the provisions of the technical-sanitary regulations and other applicable regulatory standards.

All this in order to be included in the free Business Directory for all those catering establishments that are interested in offering the HOME MEAL SERVICE for the purpose of promoting this service.

And for this, I sign this document sending you a photograph of the signed document – by hand or digitally – to the email address: promocioneconomica@guardamardelsegura.es or to the WhatsApp: 683 630 015.

NON-BINDING RECOMMENDATIONS

A recommended practice would be an agreement between the establishments involved to use a single delivery service. However, it is a suggestion and it is up to each one to decide.

Not only are the establishments asked to meet prevention requirements, but both the dealer and the consumer in his home must be aware of every move.

You should have the least contact with the people to whom you deliver the order. The safest practice would be to leave the order at the door and leave.

It should not be forgotten that money is a great virus transmitter. It is recommended to use it as little as possible, encouraging online orders. In the case of using cash, an appropriate practice would be to remind the client beforehand the preference of paying the right amount. This would be done inside a transparent and hermetically sealed bag.
